

Bold Faith

Breakthrough to Bold Faith! Being bold does not require us to be obnoxious or 'in your face.' Rather, it is a steady faith in God that undergirds your decisions to live for the Lord. In this presentation, all four of Nancy's teaching themes are presented: making the *Bold Discovery* of Christ, letting the *Bold Belief* of God's word about self worth transform you, exploring the depth of the *Bold Grace* shown through Jesus Christ, and believing on the Lord daily, no matter what, shows for *Bold Faith*. You will be challenged to go out and be BOLD: *Believe On the Lord Daily!* **can be presented as an individual presentation or as a multi-session retreat**

Press On!

What do you do when you receive a phone call bearing bad news? What do you do when you can't find a solution to a tough situation? What do you do when you've trained for a race and the finish line is not in sight? You press *in* to deeper faith, press *out* the obstacles and press *on* in Jesus name. This faith building session will encourage you to press on to victory!

Bold Discovery, Bold Belief

The Bold Discovery that Jesus Christ is Lord reshapes your view of yourself. Do you believe you are more valuable to God than all the jewels in the world? The Lord used a simple incident of a lost diamond to show Nancy a great message of finding her worth in God. She shares her testimony and the impact the bold belief has had on her life. By applying the bold beliefs of godly dignity and confidence, you will see yourself as a precious jewel in God's eyes.
